### Town Hall Meeting Goal

The objective of the Town Hall meetings is to obtain input from stakeholders on the Houston-Galveston region's emergency health care system.

The information provided at the Town Hall meetings will be used to help make recommendations to improve and enhance the system.

### About the Study

The Houston-Galveston Area Council is studying the region's emergency health care system with the help of The Abaris Group, a consulting firm that specializes in these studies.

The study will evaluate the current EMS system, its capacity, operations, and its ability to function under current conditions and projected future conditions. The study will also make recommendations for the provision of optimal current and future emergency health care services. The study will cover EMS, patient transportation and transfer issues, overcrowding in the ED, EMS and trauma diversion, funding options (uninsured), and coordination of EMS and hospital services.

### Who Should Attend

- Ambulance Providers
- Citizens
- Fire Departments
- ED Managers
- ED Medical Directors
- EMS Medical Directors
- EMS Staff
- Hospital CEOs & Administrators
- Trauma Medical Directors
- Trauma Nurse Coordinators
- Trauma Physicians
- Anyone interested in EMS & trauma
