

## WORD on the STREET

The state of the s

Public Works staff will notify all residents at least one week before work begins.

The contractor Intermountain will notify all residents at least 24 hours before work begins.

Public Works Mission: Provide superior value in public works service

CITY OF BAYTOWN
Public Works Department
2123 Market Street
Baytown, TX 77520
Phone: (281) 420-5300
Email: publicworks@baytown.org

The City of Baytown has scheduled streets in your area for the micro surfacing program. The program is scheduled to start on April 6 2021. The contractor Intermountain Slurry Seal will notify you via door hanger 24 hours before each street is started.

This is an extremely cost effective re-surfacing method and is done primarily as a preventative maintenance measure to protect the street surface from deterioration. The micro seals the pavement surface preventing infiltration of

water and prevents the sun from hardening the main asphalt pavement beneath. Micro also provides a new wearing surface and improves skid resistance.

## During the day when the micro surfacing is being placed, please note the following:

- 1 This area is one of several scheduled for this day. Paving will start between 7:00 am and 7:00 pm daily. Once started, there will be no vehicles allowed in the area until the barricades are removed.
- 2 Please move all parked vehicles and debris from the street. Please observe the "NO PARKING" signs. Parked vehicles may be towed away if the owner cannot be located to move it.
- 3 Please turn off your sprinklers 24 hours before and after the micro placement. Nuisance water will damage and discolor the new surface.

With your cooperation, it will be possible to get this work done quickly and with minimum inconvenience to all.
