Temporary Outdoor Event / Food Vendor Permit Checklist

Mobile Food Vehicles (MFV’s) or food tents using a gasoline, diesel or electric generator, propane or compressed natural gas, or any type fuel-fired cooking device shall be inspected by the Fire Department after each set-up or at least annually. The following is a fire inspection checklist that has been derived from the 2009 International Fire Code to assist you in preparing for your inspection. Check off each item as you check your food tent or vehicle for compliance prior to the Fire Marshal’s arrival.

Extinguisher Requirements
All cooking vendors are required to have at least one extinguisher. At least one class “ABC” extinguisher with a minimum of a 3A-40BC rating. Fire extinguisher can be purchased at Lowes or Home Depot or Walmart.

- Tape receipt to the outside of the extinguisher.

☐ Visible current inspection tag (receipt) inspected by a licensed inspector.
☐ Fully Charged (gauge indicates full)
☐ Located within 10 feet of cooking equipment.

Does your cooking operation produce grease-laden vapors? (grills, fryers, woks, etc.) If so, in addition to the portable extinguisher listed above, your operation requires;

A “Class K” rated portable extinguisher.

☐ With a current inspection tag,
☐ It must be properly secured and Fully Charged (gauge indicates full)
☐ Located within 10 feet of commercial type cooking equipment or frying equipment.

Compressed Gas
LP/Propane cylinders must be properly secured and remain secured at all times.

☐ Must be stored on the exterior of the vehicle.
☐ Must be secured to a fixed object.
☐ Minimum of 10-foot clearance between other vehicles or other combustible materials.

Emergency Egress
☐ The means of egress (aisle or walkway) must remain unobstructed at all times.

Miscellaneous
☐ Multi-plugs are prohibited.
☐ Use of power strips with overcurrent protection (built-in circuit breakers) are acceptable.
☐ All wiring must be in good working condition and all switches, outlets and junction boxes must have covers.
☐ All vendors who are cooking with charcoal, wood or gas must do so in a safe and responsible manner.
☐ General Housekeeping – All areas must be free from trash and grease build-up.

Tents / Canopy
☐ All tents and canopies must have a fire retardant label on it.

This checklist only covers some of the most common concerns with mobile food vendors, but additional codes within the 2009 International Fire Code or the NFPA Standards are subject to inspection. This checklist does not include Health Department, Building Department, Licensing or State vehicle and trailer inspection and safety regulations.

If you have any questions about these or other requirements, please call the Baytown Fire Marshal’s Office at 281-422-2311.
